

Nominal data defined according to standard EN60335

Phase	3~
Nominal voltage	400 V
Frequency	50 Hz
Rated power input	high/low
Rated current	210/150 W
Rated speed	0,60/0,27 A
Min. ambient temperature	960/880 RPM
Max. ambient temperature	-30 °C
Sound power level A weighted	60 °C
Condensator	72/70 dB (A)
Connection	terminal box
Insulation class	155
Protection class	IP54
